THE AGENT YOU NEED.

# About Our Company

Destel Shipping Agencies LTD provides professional and responsible ship agency and marine services with competitive tariffs, operating in the heart of Greek Shipping community - Piraeus. Being in the shipping industry for many years, we have established tight relations with the suppliers and port & immigration authorities around the world.

From its inception in 2007 Destel Shipping Agencies has grown to become one of the leading, most recognised and reliable shipping agents in Greece, covering all procedures in every Greek port.

Our passion for development and to always offer stellar services lead to the Global Hub initiative in 2014, where through our Sub-Contractors in China and Dubai we established presence in two of the most strategic hubs in shipping so we can be your local agent globally offering you peace of mind by sourcing our own Agents.
